Description: WonderRidge Dry Ridge Kit is a mortar free system to mechanically fix the ridge tiles according to BS8612. It is easy to install under most weather conditions and the kit offers enough components for a typical ridge of up to 6M. This kit provides high level ventilation, is watertight and has a wind uplift to suit most UK properties.

Each kit contains:

- 1 x 6m ventilated ridge roll
- 10 x Ridge brackets
- 20 x Ridge union seals
- 20 x 100mm fixing screws and washers

Application:

- Suitable for concrete, clay and angled ridges
- Easy application in any weather conditions
- Each box provides all the necessary components required for a 6m ridge

Benefits:

- Easy and quick installation, no special tools required
- Lightweight, safe and easy to handle (box weight 3kg)
- UV stable
- Water resistant
- Highly durable
- Complies with BS8612 for mechanical fixing
